

Georgia Moose Association
2024 Lifetime Achievement Award

August 21, 2023

Dear President and Administrator,

The Lifetime Achievement Award is a program to recognize individuals that have given outstanding support and made significant contributions to the Moose. The qualifications are that the nominee be in good standing in the Lodge and have a record of Moose service believed to be among the elite of the Georgia Moose Association. After receipt of this package, the Lodge President should decide if the Board of Officers or a committee appointed by the President will make the selection of the Lodge nominee to the Association's Lifetime Achievement Award Committee.

Please use the Nominee Form, (attached), to submit your nominee. LAA judges are advised that ONLY Moose related accomplishments and activities are to be considered in the judging of the nominees. Therefore, it is not necessary to include accomplishments in any other organizations or personal endeavors. You can include any office, committee and other accomplishments including dates that the nominee has held. Please do not use the Lodge, Chapter, Legion or personal names in the body of the resume. This will be an automatic disqualification. Please type or print legibly. Unreadable information may also result in disqualification. Please use the example form to outline your candidates resume. If needed, you may use the second page.

After completing the form, please return to the address or email below by Sept. 10, 2023. Any applications received after this date will result in your nominee not being considered.

Thank you,
Deborah Goza
Assistant Secretary GMA
